Russian Port Arthur Squadron May
Make Another Dash for Liberty

SETTLING DOWN TO BUSINESS.

Both Nations Realizing the Serious-
ness of the Situation. British
Steamer Reported Safe.

RUSSIA'S EYES ARE OPENED.

London, Sept. 26th.—Interest in the fate of Port Arthur again has grown so keen as to overshadow the significance of the Russian decision to organize a second army, as the Daily Telegraph remarks, together with the Emperor's remarkable letter to Gen. Greippenberg shows Russia at last has awakened to the magnitude of her task and the character of her foe. It is assumed by the paper that Gen. Kuroki is carrying out some important turning movement but owing to the secrecy of the Jap movements it is regarded as useless to indulge in speculations.

JAPS GETTING SERIOUS.

Tokio, Sept. 26th.—Increasing feeling of sobriety and seriousness marks the popular attitude towards the war. It is doubtful that the masses appreciated in the beginning the seriousness of the task of expelling Russia from Manchuria. They had an easy confidence in the ability of the army and navy to reduce the fortress of Port Arthur, destroy the Russian fleet and crush Gen. Kuropatkin. Events at Port Arthur and Liao Yang have impressed the Japanese to prepare for a long and trying war. Confidence in the final outcome however remains unshaken and the nation has absolutely and determinedly settled down prepared to make sacrifices and pay the price. There is general confidence in the ability of Field Marshall Marquis Oyama to drive Gen. Kuropatkin into H. rhin and to successfully resist reinvasion of Manchuria. The early possession of Port Arthur is also confidently expected.

Mukden, Sept. 26th.—The situation here cannot be definitely stated as each day brings forth conflicting reports, one day it being said the Russians expect the Japs to attack and the next that the Russians are assuming the offensive.

WILL THE RUSSIANS BREAK AWAY.

St. Petersburg, Sept. 27th.—The Naval organ from Cotlin to-day publishes an article predicting that Rear Admiral Wiren will attempt to break out of Port Arthur with his ships and return to Europe. The paper admits that the task of escaping from Admiral Togo appears to be hopeless, if one takes for comparison Admiral Cervera's attempt to get away from Santiago, but adds that Wiren's men unlike the Spaniards have plenty of war experience.

LACK OF DISCIPLINE AMONG RUSSIANS

London, Sept. 27th.—The Daily Mail's Liao Yang correspondent says "The discovery in abandoned Russian Headquarters here of a number of documents and orders from Viceroy Alexieff cashiering officers for abandoning positions and for drunkenness, etc., and centaring officers for lawless treatment of Chinese, waste of ammunition and other offences proves an amazing lack of discipline in Gen. Kuropatkin's army."

BRITISH STEAMER SAFE.

London, Sept. 26th.—The owners of the British cruiser, Crusador, from Portland, Ore., Aug 31, which was reported to have been stopped by the Japs and taken to Hakodate, received a despatch to day saying the vessel had left Moji for Shang Hai after coaling. No mention is made of any detention.

NEW TOWN OFFICES

ON FRASER AVENUE

Are Now Almost Completed. Building Is a Substantial and Commodious Structure

The new city office buildings adjoining the fire hall are now well on toward completion. They are 62 by 38, three storeys and basement and when completed will form a substantial and comfortable building. The building is being built of Edmonton brick throughout, and has a cement floor. It will be heated by steam, a boiler for which has been installed in the basement. An elaborate electric light system is being put in. The main entrance to the building will be from Rice street, but a stairway leads from Fraser avenue to the second floor.

In the basement is situated the boiler and fuel rooms, and the engineer's room opens off the boiler room. Besides these, in the basement is the town lock-up. It has twelve solidly built cells.

A large vault is built off, but attached to the main building. It rests on a solid brick foundation in the ground, and is built through to the second floor. In this way two vaults are provided, one for each floor.

On the first storey, and overlooking Fraser avenue is the reading room, thirty feet by twenty-six feet. A stairway leads from this room to Fraser avenue. Back of the reading room and unconnected with it is the police court, which is a spacious room thirty-six feet by sixteen feet. Connected with the police court are the magistrate's office and the office of the chief of police. At the rear of these offices is a hallway and opening on to this are the public office of the city engineer and the office of the city electrician. Leading off the engineer's public office is a smaller private office.

On the second storey overlooking Fraser avenue is the council chamber which is thirty-six feet by twenty-six feet. To the rear of the council chamber are the commissioner's committee room, the secretary-treasurer's private office, the commissioners' and the mayor's private offices. At the back of this again is a large public office, and working office connected with it. Off the working office is the secretary-treasurer's and mayor's office.

The vault at the rear of the second storey opens off these offices.

The contractor for the building is W. H. Gardner. Pheasly & Watson had the sub-contract for the brick-work.

CONJURING CREEK

Conjuring Creek, Sept. 27th.

The weather is very pleasant now and stacking is progressing rapidly. During the week of wet weather the farmers were kept busy attending to garden truck and getting their barns and stables in good shape for the winter. Considerable fall plowing has been done here and there between the standing stocks in the grain fields. The wet weather was needed for fall plowing for the land was very dry in places. The crop this year has been a splendid one.

Shooting is good in this direction this year and the report of the gun is to be heard in all directions.

Some of the road work has been postponed until after harvest. This has been a splendid year for road work and the results are plainly seen.

GRANOLITHIC WALKS

The granolithic walks along Jasper and Fraser avenue fronts of the Alberta Hotel have been completed. The sidewalk has a splendid appearance and adds much to the attractive appearance of the hotel. The Windsor Hotel have also petitioned for a granolithic walk, and the work will be proceeded with if possible this fall. If not, it will be done early in the spring. It is most likely that considerable cement sidewalks will be laid in the city next summer. Some objection is being taken to the fine sand procurable at Edmonton for cement sidewalk purposes owing to the presence in it of fine particles of coal which chip off after the sidewalk has been completed. It is said though, and a test will shortly be made to prove it, that there are several sand pits a few miles from the city where sand for this purpose can be secured and that has no coal in it.

CUBA

USE a Cuban filler in my Pharaoh Cigar. So do some other manufacturers, but there's a difference—not all Cuban filler is good filler. I make special yearly trips to Havana, so that I can buy the choicest leaves for Pharaoh filler.

These are grown in the Manicaragua district, in the Province of Santa Clara—the locality par excellence for fine tobacco.

The warm, moist atmosphere and marvellously rich soil of this locality fit it peculiarly to grow tobacco of the quality kind—delicate leaves, clear and flawless.

This is the time to look after Your Stoves

Ross Bros., Limited have a very fine assortment of Heating Stoves, either for wood or coal, or for both, their stock now is large and still quite complete and if you are going to buy a new stove it would be better to do so early and thus have a better assortment to choose from

They have the newest things in stove trimmings and furniture and you can make no mistake in buying from them. Their tinsmiths are first class and any work done by them is sure to please, so when you want a stove or any work done in connection with your stoves, go to Ross Bros., Limited

In Sporting Goods

Their stock is still well assorted and buying in such large quantities as they do, enables them to give you more for your money and better goods than you can get elsewhere

They have an immense stock of shot guns and rifles and you will be surprised to know how cheap they are.

In Their Plumbing and Steam Fitting Department

They employ only the best mechanics and their work and material is fully guaranteed. If you need anything in that line don't put it off too long, winter is getting very close and good plumbing work is done much better and cheaper in mild weather.

WHEAT SHIPMENTS

A sharp movement of wheat has begun over the lines of the C.P.R. in Manitoba. On Wednesday last upwards of 17,000 bushels of wheat are reported to have been marketed. Since then wheat has been offering freely. Empty cars have been liberally distributed throughout the province, and the company expect soon to be loading 350 cars per day. The general price paid ranges from 88 to 90 cents a bushel, although as high as 98 and 85.00 a bushel has been paid at different points.

THRESHING OUTFITS

Alex. E. May, local agent for the J.L. Case Threshing Machine Company, delivered two threshing machines yesterday, and will deliver two more at the end of this week or the beginning of next.

Jno. Harrold and Sons, - Namao, took out a twenty horse power engine.

Elliott and Wilson, Fort Saskatchewan, took out a complete fifteen horse power traction engine and separator.

There are still in the Edmonton yards two other outfits to be delivered.

One of these goes to McKinley Bros., of Stony Plain. It is a twenty horse power traction engine and separator, with wind stacker and feeder.

The other outfit goes to Groat and Magee, of Stony Plain, and is a twenty-five horse power traction engine and separator, with wind stacker and feeder.

STAR

On the night of September 19, about two o'clock the store, warehouse, telegraph office and residence of A. E. Holmes was burned to the ground with the entire contents. The family lived above the store, and ware-room, the stairs coming down at the back of the store. The baby, an infant not three weeks old, was restless that night, and the parents were not sleeping soundly and to this fact they owe their lives. Mr. Holmes thought he smelled smoke and investigated, then concluding it was the odor from the lamp, which was left burning, lay down again, but only for a few minutes, when he again got up and went below stairs. On opening the door he discovered that it was all on fire. There was a quantity of coal oil stored in the warehouse and this burned rapidly. He rushed upstairs aroused the sleeping children and Miss Anderson, and they fled for their lives. In a few moments the stairs were a mass of flames, and the fire had burst into the sleeping rooms. A keg of gunpowder, which was in the store, exploded, blowing out the large glass windows in the store front, and sending the door half across the road, one piece of board, hitting Mr. Holmes in the back. Although the hotel people including a number of guests, were soon on the scene, nothing could be done towards saving the store, and the men turned their attention to keeping the implement house from catching fire, and to prevent the telegraph pole at the corner from being burned, and in both instances they were successful. Dr. Archer's residence on the opposite side of the street was in great danger for a time.

Mr. Holmes had two loads of merchandise on the road, and but for the unfavorable state of the roads this would have been in the warehouse, too. With this stock he has opened up in the machine house, and is doing a brisk business. Many of his old customers have called and settled up their accounts, and all that can be done is being put forward to induce Mr. Holmes to remain in our midst. Mrs. Holmes is almost prostrated with the nervous shock.

Just a year ago Mr. L. Canning's residence and blacksmith shop were burned down at the dead of night. The school house at Westlock and the hotel, a new structure not yet finished, at the same place, have all been burned by the firebug inside a year, and the inhabitants are quite excited over this state of affairs and think that the government should send in a detective to investigate the matter. A N.W.M. Policeman has been sent up from the Port to look into the matter, and it is sincerely hoped that something may leak out to convict the guilty party or parties.

Mr. James Holmes arrived in Star from Ontario last night. He had expected to spend a pleasant time in visiting his brother, A. E. Holmes, but owing to the misfortune which has befallen the latter, Mr. Holmes will probably not stay very long.

Miss Bessie Nichols, B.A., of Alberta College, has been spending a week with her friends Dr. and Mrs. Archer.

Rev. McDougall accompanied by a native Japanese missionary passed through here on his way to Pagan last week.

Mrs. Tom McCulloch, who had the misfortune to fracture her arm, is recovering nicely.

The apron social held by the Ladies' Aid of the Presbyterian church on the evening of the 15th was a great success.

Inspector Perreil visited our school last week.

The road improvements under the direction of the overseer, Mr. Gaudet are nearing completion. The roads are now in good shape and well drained.

Several new buildings are being constructed. Ed. Cheigny is putting up a new house for himself near his store and Mr. Bisette a restaurant and store, which will be managed by his son, Alphonse. Mr. Guertin is making considerable changes in his hotel. Mr. Levesque, of Edmonton, has charge of the work.

Ed. Lambert took possession of his new home last week. Mrs. Lambert has opened a new millinery and dress-making establishment, together with a store in which a good assortment of goods may be had.

P. Lambert has also opened a new store and augmented his stock of fruit and soft drinks.

Rev. Father Ethier left for St. Albert Sunday afternoon to take part in the retreat of the secular clergy that is being preached there this week by Rev. Father Leane, O. M. I., of Calgary.

Threshing has already begun. The returns are good and the grain first-class.

Mr. Piquette, a nephew of Gaudette and Morin, arrived here lately from Joliette, P. Q., with the intention of staying. We give him a hearty welcome and wish him success.

Sunday evening, October 2nd, a grand concert and comedy will be given in Steffes and Hettinger's hall by our "Artistic Club," well known by many of our friends. Noted singers from Edmonton and other towns will also take part. TELEGRAPHIC

BACK IN OTTAWA

THE GOVERNOR GENERAL

Has Completed His Western Tour.
Nothing Doing in Election Dates.

Bulletin Special Dispatch.
Ottawa, Sept. 26.—Lord Minto returned from the West to-day. Sir Wilfrid Laurier leaves for Sorel to-morrow, where he speaks on Wednesday. It is not likely that anything will be done about the elections before the end of the week at the earliest.

A SPLENDID SURPLUS

THE ANNUAL REPORT

Of the Post-Office Department Shows
a Handsome Surplus Over All
Expenses.

Bulletin Special Dispatch.
Ottawa, Sept. 27.—The annual report of the Post Office Department which will be published shortly will show a surplus of \$304,771, after paying for the cost of the service throughout Canada, including Yukon and Atlin. In 1896 there was a loss of \$781,152. This great progress has been made notwithstanding the costly service in the Yukon, Atlin, Athabasca and Great Slave Lake districts, and increase in pay to officials last year of \$231,755.

THE LOCAL ASSEMBLY

SAT FIVE MINUTES YESTERDAY

Petition to Incorporate Edmonton as
a City was Received. Other
Petitions.

Bulletin Special Dispatch.
Regina, Sept. 27.—At the present rate the session of the assembly will last a good deal beyond the time limit made by Premier Haultain's two weeks. The session yesterday afternoon lasted less than five minutes, and during that time there were eight petitions presented and three notices of motion given. The house will have some work to deal with. Two petitions were for incorporation of towns into cities, Prince Albert and Edmonton, and the others were merely the usual incorporation of hospitals, etc.

Owing to the Government not being ready Mr. Haultain asked that the consideration of the speech be held over until to-morrow, which was done. The address in reply will be moved by Horace Greely, Maple Creek, and seconded by A. D. McIntyre, Mitchell.

A RICH COUNTRY

MICHIGAN LUMBERMEN

Are Greatly Pleased with the Natural
Resources of Alberta. Are Looking
Up Investments

A. McEachern and Jno. Brauley, of Gould City, Michigan, are in the city to-day, having arrived from down the line last night. Both gentlemen are prominent lumbermen of Gould City, and have been led to visit Western Canada by the great claims made for it. Needless to say as practical business men they see good openings, and are greatly pleased with the country and foresee a remarkable future for it. We have abundant natural resources and all that is wanted is the capital and enterprise to develop them. Both gentlemen have driven extensively

SERIOUS RUNAWAY

AT FORT SASKATCHEWAN

Geo. Armitage had his shoulder dislocated and received other injuries. Other items of interest.

Fort Saskatchewan, Sept. 26th.—Mr. Geo. Armitage while coming into town Saturday met with a serious runaway accident. The traces in some way became unfastened allowing the tongue to drop down which caused the horses to bolt. Mr. Armitage pluckily held on to the lines and was drawn out of the wagon falling heavily on the ground. He was dragged some distance before the horses were brought to a standstill. On being brought to the Fort and medical aid summoned it was found that Mr. Armitage escaped with a badly dislocated shoulder and many bruises. At the latest reports he was doing nicely.

Harvest home services were held in the Methodist church yesterday morning and evening and the church was suitably decorated with flowers, grains and garden produce.

Mr. McFarlane, of the C. N. R. survey party who are at present working near Vegreville, spent Saturday night here. Mr. McFarlane was quite astonished at the marvelous growth of the Fort and he thinks before long he will be able to come to the Fort by rail in place of trail.

The lawn tennis tournament is now in full swing and the finals will be keenly contested.

J. W. Gifford, of Canfield, Ontario, is in the district in the capacity of administrator of the estate of his late brother-in-law Walter Douglas. He says our grain yield is much heavier than that of Ontario but harvesting is somewhat later.

On Friday the 7th of October a grand entertainment will be given in Langworthy hall by the united musical talent of the town church choirs under the direction of Professor Geo. O. Baetz.

W. J. Hobbs, accountant in the Uni Bank here, spent a few days in the city last week.

Messrs. Turnbull and Rolston, of Ottawa and Shrobrooke respectively, spent a few days in the Fort this week.

Mrs. and Miss Mann, of Saddle Lake, were visitors here on Friday on their way to the city.

Several parties have organized loads to attend Vegreville fair this week.

Our local sportsmen report chickens quite scarce.

Several threshing outfits are working south of the Fort and the grain is turning out a splendid sample.

Mr. Dan, of the Winnipeg police force spent his holidays in this district.

Miss Nichols, of the Alberta College staff, Edmonton, spent Thursday in town.

S. E. Yarr, chemist, late of Dublin, has accepted a position in Dr. Aylen's drug store.

W. A. D. Lees went to the city yesterday on professional business.

'Tis because she has used Abbey's
Salt every day.

No matter how hearty the old folk appear, their digestive organs are on the wane. The stomach and bowels are noticeably weaker. The liver often sluggish. Nature needs assistance.

ABBEY'S SALT is the tonic laxative to keep the old folk in healthful vigor. It is so mild—yet so effective—that it puts the stomach, bowels and liver in perfect order without the least discomfort.

BULLETIN CO. LTD.

The Canadian Northwest Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 8 and 28, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, of 160 acres, more or less.

ENTRY.—Entry may be made per district in which the land to be taken is situated, or, if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith, under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent, may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent, countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses 2, 3, or 4, must or substitute 20 head of stock, with buildings for their accommodation, cultivate 30 acres of his homestead, and have besides 80 acres substantiated.

The privilege of a second entry is restricted by law to those settlers only who completed the duties upon their first homesteads to entitle them to patent on or before the 2nd June, 1889.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years, before the local agent, sub-agent, or Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Lands Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing land to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

JAMES A. SMART,
Deputy Minister of the Interior.
N.B.—In addition to Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable lands are available for lease or purchase from railroad and other corporations and private firms in Western Canada.

The funeral of the late W. P. Taylor took place yesterday afternoon. The services were held in All Saints' church, and were conducted by Rev. W. George, of Strathcona, in the absence of Rev. H. A. Gray, Edmonton. The pall bearers were Malcolm Groat, Dr. W. McKay, H. S. Young, G. J. McDonald, H. B. Round, and H. Aldridge. There was a large funeral. Interment took place in the Edmonton cemetery.

Ed. Sibbald arrived in the city yesterday from Lac La Biche, where he went early in September on his way back from Fort McMurray where he spent the summer. The hockey boys and the young men generally hope that Ed. will be able to stay in the city all the winter. He has so long been the mainstay of the Edmonton hockey team that it would be too bad not to have him this year, when the team promises to be by far the best yet collected in a Territorial town.

The funeral of the late Mrs. J. Nelson, of Strathcona, took place Sunday afternoon. The services were to have been held in the Lutheran church but had to be held outside in front of the church owing to the great crowd of people who gathered to pay their last respects to the deceased. Rev. Mr. Ruffins, of the German Lutheran church, conducted the service. The pall bearers were A. Davies, R. McKernan, F. Hahner, J. Albrecht, J. Carmichael, and J. G. Tipton. A very large number of friends and acquaintances turned out, the funeral being one of the largest ever held in Strathcona. Interment took place in the Edmonton cemetery. The deceased leaves a husband and four small children.

RIFLE CHALLENGE ACCEPTED

The members of the old Rifle Association challenged six of the newcomers to a match, the losing side to donate two sacks of flour to the Public Hospital. In accepting the challenge, the match to take place next Saturday, afternoon, one of the newcomers contributes the following:-

Dooley, what is philanthropy? Philanthropy is benevolence to the poor and distressed and a very fine trait of character but them that have it are generally exercising their minds to find some way to pay or the propagation of their fine schemes. There's the members of the old Rifle Association now, is a good example of philanthropists generally—they challenge the boys of the new Club to a shot for a couple of sacks of flour for the Public Hospital and ye can bet yer swate loife they've picked the best team they can find and every wan will shoot like a white-head to make the other fellows pay for the philanthropy they proposed.

I see, Dooley, I see I could almost find it in me heart to be a philanthropist meself.

NEW LIVERY STABLE

Construction work has started on J. B. Lubbock's new livery stable on Elizabeth street just north of and facing the market. It will be 150 feet long by 34 wide and will be used exclusively for a feed stable, being built largely for farmers' accommodation. The foundation of the building will be completed to-day, and a cement flooring will be installed. The building which will accommodate over sixty horses will be ready for occupation by November 1st.

Adjoining this stable, Dr. Pickering will erect a hospital stable for horses and also an office.
